LANGHE ROERO

...spectacular, inspiring landscapes much loved and sought after by passionate sports enthusiasts, nature lovers and those who are attracted to the authentic country life of the Langa and the Roero. This is an invitation to discover this area through a series of touring

itineraries. Exploring by foot, on horseback, by mountain bike, you can linger over the gentle hilly landscapes as you pass by. Each hill is different from the last; most of them are topped off with castles that re-evolve the court intrigues of the Middle Ages. In this area you'll discover the great Italian wines, Barolo and Barbaresco, which form a real part of the local culture; you'll be bewitched by the magic of truffle; you'll discover our history in castles and museums and admire breath-taking views of beautiful and sinuous hills. Come...we're waiting for you!
