Deputy Chief Fire Officer  
South Wales Fire and Rescue Service

## Ladies and Gentlemen welcome to Wales.

It is with great pleasure that South Wales Fire and Rescue support the FFSAA and the rugby section in their ambition and delivery to bring the Fire and Rescue Service Tri-Nation rugby tournament to Wales. Wales as a country is no stranger to national and international sporting events: Rugby World Cup; Ryder Cup 2010; Heineken Cup and in 2012 will be hosting football games at the famous Millennium Stadium. In addition to many great sporting moments, the Millennium Stadium has seen live music concerts including: U2, David Bowie, Michael Jackson and The Rolling Stones.

Opened in 1881 Cardiff Arms Park is the home to Cardiff RFC; both iconic within the world of rugby union. The stadium and club have seen many changes over the years, but without doubt the Arms Park has a long and proud tradition around the world as an integral part of rugby union. Sitting in the City centre the Arms Park Stadium has an unrivalled past with hosting prestigious events.

Cardiff Arms Park is a fitting venue to host this tournament and I am sure as players, officials and spectators you will agree. On behalf of South Wales Fire and Rescue Service, I would like to acknowledge the support that Cardiff RFC have provided in bringing the Tri-Nations here to Wales. I hope you have a safe and pleasant stay here in Wales and the friendship that this event brings last long into the future.

The Fire Services Sports and Athletics Association (FSSAA) and in particular Great Britain Rugby section would like to thank John Caudle and Fire Angel for their continued support and commitment to Fire and Rescue Service Rugby.
